Better Federal Facility Management Compliance

Dear Design Professional,

Join facilities management expert **Eric Teicholz** for two webcasts to find out how U.S. Presidential Executive Order 13327 is driving trends in government facilities management.

Here's what you'll learn

Sign up for these webcasts today and find out more about:

- **Achieving compliance**, with faster, more accurate reporting.
- **Consolidating multiple data sources** into a convenient digital view.
- **Developing more effective processes** for collecting and maintaining a real property database.

Eric Teicholz has helped organizations define and implement facility management technology for more than 25 years. Mr. Teicholz has been named a Fellow of the International Facility Management Association, and he was recently invited by the Secretary of the Navy, to serve on a blue ribbon facilities management panel.

These informative Webcasts are presented by Autodesk®, maker of industry-leading AutoCAD® and Autodesk® FMDesktop software. To learn more about Autodesk Government Facilities solutions, [click here](#).
